## Sermon Report Notes

1.	Each student is required to complete an average of two sermon reports per month, for a total of 36 in their second and third years of study.
2.	Completed sermon reports should be placed in the designated Sermon Report box (located on the stand near the display case in the narthex) as soon as possible after the report is complete.
3.	Each sermon report will receive a: + (above average), a √ (average), or – (below average) to reflect the amount of understanding demonstrated. Please use complete sentences.
**	The purpose of the sermon report is to provide you an organized way of listening and responding to the pastor's message.
**	Information such as the date, Liturgical day, and theme can be found in the worship bulletin, which can be recorded before the worship service begins.
**	Read the questions over to yourself as the sermon begins to help you to focus. Alternately, you may want to jot down a few notes during the sermon and complete the report later. If so, write your final report as soon afterward as possible while your memory is fresh.
**	If you have difficulty, please see the pastor. The pastor is there to help.

Rev 5/2008
